

Clubhouse International

Celebrating a Year of Milestones and
Momentum for Mental Health

2014 ANNUAL REPORT

Dear Clubhouse Colleagues and Friends,

It is a pleasure to bring you our 2014 Annual Report, which marks a year of important milestones and momentum for Clubhouse International: we celebrated the 20th Anniversary of our founding and made major strides in our work to create meaningful, positive change in the lives of people living with mental illness and those who care about them.

We are proud to recognize the work of the many extraordinary people around the world who make up the Clubhouse International community...

... and are deeply honored to have been selected as a co-recipient, with Fountain House, of the prestigious Conrad N. Hilton Humanitarian Prize 2014, for our work in developing and supporting Clubhouses around the world. The prize is awarded to "an organization that is doing extraordinary work to alleviate human suffering."

Each day millions of people everywhere are struggling to overcome the social and economic isolation that so often accompanies mental illness. Our effective, innovative, collaborative and evidence-based approach to ensuring that people can find friendships, meaningful work, education and employment has transformed lives around the world.

This report documents Clubhouse International's ongoing, aggressive approach to pursuing our mission to support Clubhouse programs in communities throughout the world. Through persistent advocacy, public awareness efforts, training and a commitment to a high level of accountability, we are gaining momentum and our member Clubhouses are impacting thousands of lives every day.

Despite all we've accomplished, however, it is clear that the need for more mental health services and Clubhouses is urgent. We hope you will be inspired to continue to support us and learn more about our work.

Sincerely,

Joel D. Corcoran
Executive Director

Mark Lanier
Chair

MENTAL ILLNESS BY THE NUMBERS

Mental illness is more prevalent than cancer, diabetes or heart disease. By 2020, behavioral health disorders will be the #1 cause of disability worldwide surpassing all other illnesses. It accounts for 26% of all time lost to disability – more than any other illness.

**1 in 4 People –
450 million worldwide**

suffer from mental disorders – *more than cancer, diabetes or heart disease*

360,000 people

with mental illness are housed in underequipped US jails, only 35,000 in hospitals

**Over 90 suicides happen
every hour – 2,200 a day**

800,000 people die by suicide each year, 90% of these deaths are related to mental disorders

**50% of people with
mental disorders**

show signs of the disease by age 14. It often takes over 10 years to get treatment.

**Just 3% of the world's
healthcare budgets**

are directed at treating mental illness, *but it accounts for 20% of the global burden of disease*

\$2.7 trillion

Global economic impact of mental illness today, \$6 trillion by 2030

Clubhouse International

A Worldwide Community of Change

Clubhouse International has succeeded in creating something that didn't exist before:
A worldwide community that is changing the world of mental health.

Through local Clubhouses around the world, we offer people living with mental illness opportunities for friendship, employment, housing, education, and access to medical and psychiatric services in a single caring and safe environment – so they can recover and fully participate as valued and respected members of society. Through our efforts:

100,000 people each year benefit from 330+ Clubhouses in 34 countries

A 42% employment rate is achieved at Accredited Clubhouses annually – double the average employment rate for people in the public mental health system

One year of holistic recovery services are delivered to Clubhouse members for the same cost as a 2-week psychiatric hospital stay

Help Us Change the World of Mental Health

Clubhouse International is dedicated to creating a world where people living with mental illness everywhere can experience the respect, hope and opportunities found at Clubhouses.

You can help us reach our goal of building more new Clubhouses to help stem the mounting mental health crisis. Here's what your support means:

\$15 a month/\$180 a year helps Clubhouse International provide a full year of experienced coaching to one Clubhouse start-up group.

150 people on average will access help each year at each new Clubhouse when it reaches maturity.

Fountain House, Stockholm Sweden

What You Can Do
